Dear Fellow Residents,

I have lived with my family in Sandhurst for over twenty years. I am passionate about healthcare, innovation, the environment, public services and support for educational development.

Healthcare staff have been challenged and poorly supported during the pandemic impacting on all our lives. I run a medical research business and would bring my understanding of health, organisations and people, to listen to the community needs, representing your voices.

With limited opposition on the Town Council, this is a chance to challenge old views, have fresh ideas, standing up for you and your families!

Michael Karim

*P.S. Make voting easy. Apply for a postal vote!

## MICHAEL WILL REPRESENT YOU on issues with:

### HEALTH

Seeing a doctor has become challenging, risking residents' health. I will work with health professionals and encourage existing councillors to help improve patient access

### GREEN ENVIRONMENT

Austerity has impacted having a greener environment. Sustainable services like improved recycling, e-charging points and safe cycleways should be invested in

### TRANSPORT

Our residents, especially the elderly and young, cannot be let down by insufficient public transport. I will be your advocate to lobby for improved services

### POTHoles BANISHED

When has your local councillor asked you about the state of your roads? I commit to taking your concerns to the council, demanding safer conditions

### YOUNG PEOPLE

The young are our future and deserve better. I will make the case for a fulltime youth worker to be supported by unused available funds

## WE NEED A MORE DIVERSE VOICE

The council is dominated by one party which cannot understand all residents' needs. Austerity, the Covid catastrophe and people's inability to afford energy price hikes, require a new voice to challenge complacency

## FORMER TOWN COUNCILLOR SYLVIA TREVIS:

'I believe that Michael has honesty and integrity and would not be afraid to challenge the status quo for the benefit of all residents'
